"Coming Home" Party Given Rep. B. Elliott By Rotarians

A "coming home" party was held at yesterday's meeting of the Pahokee Rotary club for State Representative B. Elliott, 22 year member of the club, who recently returned from Tallahassee where he served as speaker during the 1951 session of the legislature. The program was under the direction of County Commission Chairman Paul Rardin, a former member of the legislature and a friend of visiting legislators who participated in the program.

State Senator Russell O. Morrow, a Palm Beach county colleague of Speaker Elliott was high in his praise for the manner in which the House was operated under the gavel of Rotarian Elliott as speaker. Senator Morrow pointed out that Pahokee and this area can well be proud of the manner in which a member of the local Rotary club exercised keen judgment in executing the duties of the speakership.

Representative John Bollinger, chairman of the powerful rules committee in the House, spoke warmly of the expeditious manner in which business was acted under Speaker Elliott's guidance. Rep. Bollinger pointed out also, that the speaker of the House well under control at all times by the friendly and impartial manner in which he presided.

Sending a message yesterday for the special program was Rep. Elbert Stewart of Clewiston, who was chairman of the important finance and taxation committee in the House. Rep. Stewart is a Clewiston banker with many terms experience in the legislature. His words of praise for Speaker Elliott were warm and genuine.

From Okeechobee county on the north came another warm message from W. J. "Big Bill" Hendry who has served ably and well for many terms. He, too, was lavish in his praise for the outstanding accomplishments and friendly manner in which Rotarian Elliott presided.

Speaker Elliott was the final member of the party to speak before the group. He thanked other members of the legislature for their kind remarks in his behalf and assured them that it had been a pleasure to work with such a cooperative group as expressed in the 1951 House. He expressed his thanks to Rotarians for their thoughtfulness in giving him a "coming home" party.

The meeting was one of the most interesting enjoyed by Rotarians in many weeks and brought to their attention accomplishments of local Rotarians, many times overlooked at home by neighbors.

Elaine Weeks Goes To 4-H Short Course

Elaine Weeks, a member of the Canal Point Girls 4-H Club, attended the annual short course for 4-H girls at Florida State University, Tallahassee the past week. Elaine was one of the 18 girls from Palm Beach County chosen to attend this year's short course.

Kissimmee Man Is Flood Control Member

WEST PALM BEACH — Glenn Ray, manager of the First Federal Savings and Loan Association of Kissimmee, and resident of that town for the past 26 years, was formerly sworn in as a member of the Governing Board of the Central and Southern Florida Flood Control District, Mr. Ray said, "I am proud and happy to be appointed as a member of the Governing Board. Flood control and water conservation have held a deep interest to me for a long time. In fact, my first work along this line was in the Everglades in the winter of 1911 and 1912 which marked the first year of truck farming at Davie."

Mr. Ray is 56, married and the father of one daughter. He replaces Lawrence Rogers, also of Kissimmee, who recently resigned from his post as vice chairman of the Government Board to become a member of the State Racing Commission.

Lions Hear Report On 1951 Legislature

The work accomplished by the Florida State Legislature during its recent 90-day session in Tallahassee was reviewed by Rep. B. Elliott, Speaker of the House, at the Tuesday luncheon meeting of the Pahokee Lions Club. The guest speaker was introduced by Dr. R. R. Long.

The finance committee was authorized to use the \$600 profit gained in the recent sale of club-owned cattle for the purchase of more cattle to fatten for the market as a fund-raising project.

A. Q. Howell, local district member of the County School Board was received as a re-instated member of the club.

Mr. and Mrs. T. W. Griffith of Canal Point are spending several days in Winter Haven with friends and relatives.

Here's New Rules On Sales Tax Take

TALLAHASSEE — Here are some of the changes from the old sales tax law, as amended by the 1951 legislature:

Following exemption changes have been made:

Tax on theater or admission tax starts at 40 cents, instead of 41.

Religious, charitable and educational shows are not exempt.

Funerals above \$500 are taxable, unless casket is billed separately.

Articles taxable when sold by retailers, also are taxable when sold by educational institutions.

Fertilizer, insecticides and fungicide are exempt only when applied to crops or groves.

Naphtha is no longer exempt.

Candy costing 51 cents or more is taxable.

Packaged lunches and sandwiches regardless of how sold are taxable.

Soap, soap powders and detergents are no longer exempt.

No tax on meals and rooms of patients in hospitals or special care institutions.

No tax on radio or television film, recording and expendable items.

Bottled water is exempt.

Containers used more than once, including drink bottles, are taxable.

Here are some other changes:

Tax starts at 11 cents instead of 9 cents.

Second cent starts at sale of 36 cents instead of 40.

Third cent of tax starts at sale of 66 cents instead of 71.

Buyers of big machinery pay a tax of not more than \$300 instead of \$100.

Tax on rent no longer refunded after six months. The tenant after six months is considered permanent, pays more at that location.

Dick Atkins Named To Boys' State

Dick Atkins, a member of the 1951 Junior Class at Pahokee High School, has been selected by Fred and Percy Mansfield Post No. 90, Pahokee American Legion, to represent the school at Boys State in Tallahassee the week of June 24-30, the Legion to furnish funds to cover his expenses there.

This week Dick is attending the Florida Future Farmers of America Convention in Daytona Beach. Enroute to Tallahassee he plans to visit in Gainesville this weekend.

Singing Group To Meet In Pahokee

The Glades Singing Convention will meet at the First Baptist Church in Pahokee Sunday, June 24, for an afternoon of music and singing, starting at 2:30 and ending at 5 o'clock. All persons interested in singing and music are invited to attend.

MRS. TABB SELLS HER HOTEL IN PAHOKEE

Mrs. J. C. Tabb has sold her Pahokee Hotel to C. L. McCullough of Moultrie, Ga. Mrs. Tabb will leave on Monday for Hinesville, Ga., where she has bought a large restaurant which she will operate. The restaurant is within four blocks of Camp Stewart.

New Superintendent Belle Glade Hospital

Donald D. Parke, West Palm Beach, became superintendent of Belle Glade Memorial Hospital June 15, according to Harold Rabin, chairman of the Southwest Palm Beach County Hospital District board.

Appointment of Mr. Parke was made after consideration of a number of applicants.

Mr. Parke, a graduate of the Naval Academy at Annapolis with the class of 1925, served as executive officer at a Naval base in the Canal Zone during the last war, and has a background in the administrative field. Immediately before coming here he was associated with Montgomery Ward & Co. According to Chairman Rabin, he takes the position on a 90-day trial period.

Mr. Parke succeeds Ernest Fielder who resigned several days ago.

Rabbit Breeders To Meet In Belle Glade

The semi-annual meeting of the Florida Rabbit Breeders Association will be held June 23 and 24 in Belle Glade at the Mayo pavilion of the Glades Experiment Station. A rabbit show will be included in the meeting with prizes for the various breeds. Palm Beach County Association of Rabbit Breeders is the sponsor of the meeting and all members of the American Rabbit and Cavy Breeders Association are eligible to participate in the show.

Commissioner of Agriculture Nathan Mayo will address the group on Saturday and the show, with Otto Mueller of Tampa as judge, will be held on Sunday. Mueller will be assisted by C. W. Marker, Ft. Lauderdale, president of the Broward County Association. Show superintendent is Howard Haney, West Palm Beach and the show secretary is Dan Melkie, Lake Worth.

Production of the Florida Association has increased rapidly during the past few years though it has not reached the proportions of the Los Angeles area where 50,000 rabbits per week are processed for table use.

Springing from the introduction of Belgian Hares into the United States in 1898, the rabbit breeding business has grown steadily due to the high production rate of 100 pounds of meat per year from a ten-pound doe. The Federal government, aided breeding with the establishment of the Rabbit Experimental Station at Fontana, California in 1928.

The American Rabbit and Cavy Breeders Association was formed in 1911 for the protection of breeders and now licenses judges and registrars.

Ada Tillman Will Attend Girls' State

Miss Ada Tillman, daughter of Mr. and Mrs. A. E. Tillman of Canal Point a member of the 1951 Junior Class at Pahokee High School, will attend Girls State in Tallahassee under the sponsorship of the Canal Point American Legion Auxiliary, Unit 242, the Auxiliary to pay her expenses.

Miss Tillman will leave for Tallahassee on June 29 and return home July 5.

Schroder, Mrs. Rachel Harrington, Mrs. Floreid Speer, Mrs. Katherine Ammonds, Mrs. Mattie Lou Keen and Mrs. Ila Howell.

It's A Lot Of Orange Juice Any Way You Want To Figure It

TAMPA — A busy statistician at the Canner's League of Florida has figured out that if all the orange juice put into cans this season were to form a spring comparable to Silver Springs, which flows at the rate of 362,500 gallons a minute, there would be enough juice to keep the spring flowing for 3 hours and 58 minutes. Add to this the orange concentrate frozen last season and you would have enough additional juice to keep the flow going for another 50 minutes and 24 seconds.

According to Canner's League figures 65,190,100 gallons of juice were canned and 18,280,000 gallons of concentrate.

FFA Members Go To Daytona Convention

Five members of the Pahokee Chapter, Future Farmers of America, and R. L. Brooks, chapter advisor, are attending the Florida FFA Convention in Daytona Beach this week, June 15-22.

The local chapter is being represented at the convention by Bobby Schroder and Dick Atkins, official delegates, and the chapter is entering its vocal quartet, which won first place in recent district and subdistrict contests, in the State contest. The quartet is composed of Bobby Schroder, Dick Atkins, Charles McCurdy and Melvin Tillis. Alfred Meeks planned to attend in order to run for vice president of the State FFA organization.

News Notes From State Capital

TALLAHASSEE — Although clamor for a special session of the legislature continued to increase in school circles, the prospects for such a session for the single purpose of providing state funds for a \$300 cost-of-living increase for school teachers remain uncertain. Leading educators will meet with Governor Warren here June 27 to discuss such a session. Legislative opinion remained divided on the subject. Many favor putting it up to local school boards and local taxpayers to provide the increase. Others point to the fact that a special legislative session, even though called for that one subject, can waive the rule by a two-thirds vote and consider anything. Further, those members who cannot afford to remain in Tallahassee at their expense for 20 days might demand pay, and others would fall in line. Some two thirds of the members have indicated they will serve without pay, but there is no sign of weakening in the issue which split the session at the end, whether to take the required \$12,000,000 for the pay raise out of a broadened sales tax on small consumers, or from higher taxes on big machinery and equipment purchases.

TALLAHASSEE — The Florida Park Service has started to open up two public recreation areas blessed with funds by the legislature, Killearn Gardens near here, and Manatee Springs State Park in Levy county. Killearn Gardens is a part of the estate of Mrs. Alfred B. Macley, and contains one of the most beautiful gardens in the country. It was offered as a gift to the state in memory of the late Alfred B. Macley and was accepted by the park board after the legislature approved maintenance of \$20,000 a year. Manatee Springs is one of the undeveloped state properties along with the

fabled Suwannee River, and will become a recreation area for the people of four surrounding counties. The park service also is making plans for intended work at Highlands Hammock State Park near Sebring, which was allotted a special fund of \$65,000 for the two-year period.

TALLAHASSEE — Twelve changes in the Florida constitution will be offered to the voters in November, 1952, for adoption or rejection. If adopted, these changes would earmark a part of the state auto tag money for the next 30 years to build school houses, add three justices to the 7-member state supreme court, give home rule to counties through uniform charter laws, establish two new senatorial districts, one in Monroe county and the other in Bay and Washington counties, and make minor changes in several counties.

TALLAHASSEE — The only new tax passed by the 1951 legislature was vetoed by Governor Warren. It would have levied on the gross intrastate revenue of bus and truck lines, railroads, telephone and telegraph companies and private utility companies for the new regulation of the utilities. Governor Warren's veto message said it was manifestly unfair to tax one group for the added expense of regulating another, when the first group already is paying for its own regulation. His veto also called attention to the impossibility of separating transportation income between interstate and intrastate traffic.

TALLAHASSEE — A new state racing commission will take over this week from a five-man board severely criticised by the Haley committee of the recent legislature. Following refusal of the state senate to confirm the five members, Governor Warren scrapped

the old board and named a new one which promises to meet senate approval. They are Carl Hanton, For. Myers publisher; State Senator G. Warren Sanchez of Live Oak; State Representative D. C. Jones, Naples; Charles S. Isler, Panama City; and Lawrence Rogers, Kissimmee attorney. The old board came under fire for its lenient policy toward bookmakers, and the conduct of its affairs.

TALLAHASSEE — Hotels and tourist courts and houses must hereafter tell how much lodging will cost—and how many units are available at all prices. This is one of the new laws which became official this week. Others:

Raise Confederate pensions (\$300,000 yearly) from \$60 to \$90 per month.

Increase maximum workmen's compensation from \$23 to \$35 per week.

Liberalize Sunday blue laws, to allow most businesses to operate legally.

Provide mandatory jail sentences for bookmakers.

Prohibit children firing BB guns or rifles unattended.

Increase board of control (universities) from 5 to 7 members.

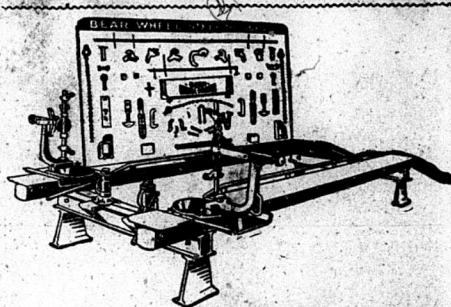

Establish juvenile courts throughout the state where desired.

Open racing commission records to state and county officials.

Create a civil defense agency, governor and cabinet.

Prohibit black market buying of babies for adoption.

TALLAHASSEE — Governor Warren's veto of the legislative act to open welfare rolls to public inspection was dictated, he said, by the knowledge that the result would be to cut off federal aid. Much of the \$50,000,000 annual relief fund is provided by the federal

Miss Elliott Completes Plans For Wedding To Lee Wroten In June

Miss Patsy Lee Elliott, daughter of Rep. and Mrs. B. Elliott of Pahokee, and Lee Allen Wroten, son of Mr. and Mrs. C. R. Wroten, also of Pahokee, have completed plans for their wedding which will be a social event of June 30.

The wedding will take place at the First Methodist Church in Pahokee at 6 p. m., with Rev. Ralph W. Todd, pastor, reading the vows for the double ring ceremony.

Miss Elliott has chosen as matron of honor Mrs. H. D. Fields, Jr., of Pensacola. The Misses Donna Jo Spooner, Tula Makos, Gloria Stuart and Myra Baxter of Pahokee and Cathy Verser of Tallahassee will be bridesmaids. Mrs. Paul Tillery, sister of Mr. Wroten, will be bride's matron.

Flower girls will be Martha Jo Allen, cousin of the bride-elect, and Tina Handley, Allen Parker of Rockledge, Fla., cousin of the

bride-elect, and Mead Maxwell will serve as ring bearers.

Raymond Caruthers, Jr., will be Mr. Wroten's best man. Ushers will include Elmer B. Elliott, brother of the bride-elect, and Floyd Peacock, Pahokee; Clarence Padgett, Canal Point; Kenneth Johnson, Clewiston, and Charles Miller, Belle Glade.

The candles will be lighted by Larry Elliott and Denny Parker, both cousins of the bride-elect, and Wayne Elliott, brother of the bride-elect, will spread the carpet for the bride party.

A reception will follow the ceremony at the home of the bride-elect's parents on Bacom Point Road. No invitations are being issued but friends of the couple are invited to attend both the wedding and reception.

Liberty County, West Florida, Has Lowest Standard Of Living

TALLAHASSEE — A Florida State University survey indicated Monday that Dade county has the highest standard of living of any area in the state and little Liberty county in Northwest Florida the lowest.

University professors, who made the survey, said the comparisons were based on such factors as what percentage of homes have radios, late-model automobiles, running water, bathtubs, mechanical refrigerators and the number of persons in the average home. Gross incomes also were counted.

The high standard of living class were reported in this order: Dade, Pinellas, Sarasota, Orange, Broward, Palm Beach, Duval, Volusia, Lee and Hillsborough.

The lowest standard of living category, beginning at the bottom, were: Liberty, Holmes, Hamilton, Union, Washington, Calhoun, Baker, Wakulla, Santa Rosa, Jefferson, Lafayette, Jackson and Madison.

State Flag To Fly On Capitol Portico

TALLAHASSEE—Florida's official State Flag will fly over the front portico of the Capitol thanks to the action of State Senator Leroy Collins, who put a special item of \$120 a year in the funds of Secretary of State R. A. Gray to buy flags.

Gray said he didn't know whether this amount would provide enough flags or not, stating that

the American flag flying from the Capitol dome is whipped to pieces by the winds in about six weeks and has to be replaced many times during the year.

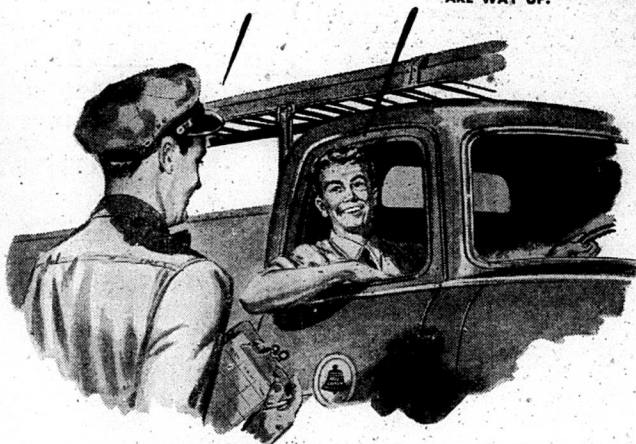

"All under one Roof" is the justified claim of the Florida Fruit and Vegetable Association in describing the location of the Eighth Annual Convention of the Association to be held at the Sherry Frontenac Hotel in Miami Beach on Oct. 3, 4 and 5.

The first successful canning of fresh dates has been disclosed by the American Can Company. Almost 200,000 pounds of the fruit were packed in California and Arizona last fall. A date grower's spokesman said that the new process, developed by the can company and the U. S. Department of Agriculture, will assume year-round supplies of fresh dates to eastern consumers.

CLASSIFIED ADS PAY BIG DIVIDENDS

"I GUESS YOUR COSTS HAVE GONE UP, TOO."

"YES, LIKE ALL OTHER BUSINESSES, OUR COSTS ARE WAY UP."

IN THE TELEPHONE BUSINESS, TOO...

A dollar will S-T-R-E-T-C-H only so far in meeting Increased Costs

TELEPHONE COSTS have gone up sharply since the present rates in Florida were set.

WAGE COSTS have increased and are going up still further due to the general wage increase resulting from recent contract negotiations.

FEDERAL CORPORATE tax rates are up sharply, adding greatly to our costs of rendering service.

FACILITIES have risen to such an extent that they are costing a great deal more than when present Florida rates were established.

EVEN BEFORE the most recent cost rises, telephone rates were lagging behind telephone costs. Taking into consideration the recent wage increase, annual revenue from telephone rate increases authorized in Florida since 1939 is now falling short by nearly \$6,000,000 of meeting the annual costs of wage increases made effective during the same period, to say nothing of other higher costs.

FOR ALL THESE REASONS, earnings are too low at a time when adequate earnings are vital if we are to continue to provide good service and meet the heavy demands for new service throughout Florida. Meeting the demands will require large sums of new capital which can be obtained only if earnings are adequate to encourage people to invest their savings in the telephone business.

THE NEEDED ADJUSTMENT in rates for the average subscriber amounts to only a few cents a day. Even then, telephone service will have gone up far less than most commodities and services you buy, while the number of telephones that can be reached at local rates has nearly doubled in the short space of five years.

A. B. DOOLEY, Florida Manager

Adequate Rates Are Essential to Adequate Service

Florida people need and want good, dependable and growing telephone service. We are eager to continue providing that kind of service. Rates proposed are only those needed—no more than needed—to do the job under today's increased costs.

St. Augustine Site For Making Movie

ST. AUGUSTINE — Kenneth Cox, location manager for Warner Brothers' "Distant Drums," announced last week that additional principals had been selected by Director Raoul Walsh for the new technicolor movie, parts of which will be filmed in St. Augustine, starting last week-end.

Gary Cooper will play the leading role of "Quincy" in the movie with Miss Mari Alden playing the feminine lead.

More than 100 local persons will be hired to play parts as extras in roles of soldiers, renegades and planters. Ten local persons will also be given bit speaking parts. The Chamber of Commerce, which has been the official headquarters for Warner Brothers since the decision was made to film sequences in St. Augustine, has received over 500 applications to date.

Including local extras and the local labor that will be hired to assist, about 250 people will be engaged in the production in some way. Seminole Indians from Rosa Allen's Reptile Institute at Ocala will be brought to St. Augustine for the filming also.

"Distant Drums" will be filmed on location in St. Augustine, Naples and Silver Springs. The million and a half dollar technicolor production has 40 shooting days scheduled in Florida and is being produced by Milton Sperling.

Indian Bones Are Found In Excavation

HOMOSASSA SPRINGS — Working in this area last week a state road crew uncovered at least four skeletons in what apparently was an Indian Mound, estimated to be at least 100 years old.

The mound, about 30 feet in diameter and three feet high, is a mile south of the Springs on Highway 19.

Road Department machinery uprooted a palmetto tree on the edge of the mound and the bones were discovered in the hole left by the uprooted tree.

"There were bones, teeth and skulls all around," said Dr. W. B. Moon, former State Senator from Crystal River, who inspected the find.

State archeologists have been advised and the owner of the property on which the skeletons were found has offered to turn the bones over to the State Geological Department. The skeletons are believed to be of Indians.

The possible use of ionized air to retard or halt the spread of cancer is under study by Dr. Boris Sokoloss and Dr. Walter H. Eddy of the Bio-Research Laboratory of Florida Southern College at Lakeland.

Miss Helen Stokes Becomes Bride Of Leonard Yarbrough On June 16th

The Canal Point Missionary Baptist Church was the setting for the marriage of Miss Helen Stokes, niece of Mr. and Mrs. R. S. Stokes, and Leonard Yarbrough, son of Mrs. C. C. Allen of Jacksonville, and the late J. H. Yarbrough, on June 16th at 5 p. m.

Rev. C. J. Smyly, pastor, officiated at the single ring ceremony.

The marriage vows were spoken before a candlelighted altar, banked with palms and fern and decorated with white gladioli. Mrs. Hugh Branch and Dick Atkins were vocal soloists and Miss Patsy Maxson was pianist.

The bride, given in marriage by her uncle, R. S. Stokes, wore a gown of chantilly lace over satin, fashioned with a tight fitting bodice and an illusion yoke embroidered with seed pearls. The full skirt ended in a cathedral train and her French illusion finger-tip veil fell from a tiara of seed pearls and orange blossoms. She carried a prayer book centered with an orchid and showered with white satin streamers.

Miss Billie Nell Stokes, in a gown of embroidered pink organdy over satin, and carrying a nosegay of colored mums, with matching headpiece, was her sister's maid of honor.

The bridesmaids, Mrs. Grady Smith of Gainesville, and Miss Joy Padgett of Pahokee, wore gown of Nile green and pale orchid embroidered organdy over satin fashioned like that of the honor attendant. They carried nosegays of colored mums and wore matching headpieces.

Paul Knight of Jacksonville was best man, and ushers were Julian Branch of Pahokee and Grady Smith of Gainesville.

Mrs. Stokes, aunt of the bride,

town guests were Sam D. Roberts and Paul B. Knight, both of Jacksonville.

JONATHAN PENNIES

ST. PETERSBURG — Ten-year-old Tommy Thompson sat quietly listening as a local campaign worker discussed with his mother the need for funds to fight cancer and solicited a contribution.

Little Tommy broke into the conversation asking, "What's cancer?"

His mother explained as best she could and then resumed her conversation with the campaign worker. Tommy disappeared.

A few minutes later the boy reappeared bringing 100 pennies he had been saving to start a bank account. He gave them all because he wanted to help.

Marine Corps aviation consisted of 282 officers and 2180 enlisted men during World War I.

Agriculture To Get Visual Handicapped

DAYTONA BEACH — Persons with visual handicaps are being given an opportunity to go into agriculture through a program instituted by the Florida Council for the Blind.

W. C. Cliett, of Daytona Beach, agricultural specialist for the council, said that there are more than 300 persons on agricultural projects at the present time.

The council furnishes seed, tools, fertilizer and other materials needed for training, and after the training period is completed the prospective farmer is further aided in securing a loan to finance his farming venture.

Most of the blind people who go into agriculture are those who have lived in agricultural areas most of their lives, council officials said.

Christian Science Group Of Canal Point

That God's infinite power must ever be recognized as absolutely supreme will be the theme of the services in all Christian Science churches next Sunday, when the subject of the Lesson-Sermon will be "IS THE UNIVERSE, INCLUDING MAN, ENVOLVED BY ATOMIC FORCE?"

A verse from Revelation supplies the Golden Text: "We give thee thanks, O Lord. God Almighty, which art, and wast, and art to come; because thou hast taken to thee thy great power, and hast resigned" (11: 17).

Selections from the Bible include the following verse from Joshua (3: 17): "And the priests that bare the ark of the covenant of the Lord stood firm on dry ground in the midst of Jordan, and all the Israelites passed over on dry ground."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "From beginning to end, the Scriptures are full of accounts of the triumph of Spirit, Mind over matter. . . . The Christian era was ushered in with signs and wonders" (p. 139).

More than 200 employees of the Florida East Coast Railroad were dismissed June 1 due to curtailed summer operations. They will be reinstated when heavy freight and passenger traffic justifies due to tourist and fruit and vegetable movement.

Five Pahokee Circles Hold Regular Meets

The five circles of the Pahokee First Methodist Woman's Society of Christian Service met separately at the homes of members Monday.

The Mabel Simonson Circle met at the home of the chairman, Mrs. Duncan Padgett. Mrs. John A. Dulaney presented the devotional program, "Thy Saving, Health to All People." Mrs. Padgett named Mrs. L. W. Armstrong and Mrs. R. J. Simonson on a committee to take care of needs of the parsonage.

The group voted not to hold regular meetings in July and August. Mrs. Jack Spencer was hostess to members of the Mary Martha Circle which also voted to discontinue meetings through the summer. Mrs. R. L. Brooks was in charge of the devotional program, "The Turning Point of Our Lives."

The Miriam Circle met at the home of Mrs. Dick Parish, with Mrs. Leon Spooner, chairman, presiding. Mrs. Clyde A. Canipe showed a motion picture on "The Children of Japan." Mrs. Melvin Spooner was in charge of devotionals. It was announced the circle will meet regularly through the summer and the July meeting will be at the home of Mrs. Calvin Spooner, with Mrs. Adaline Stuckey, co-hostess.

Mrs. Hugo Boe presented a devotional program on "Faith" from Norman V. Peal's "Guide Post" at a meeting of the Gertrude Shirley Circle at the home on Mrs. I. M. Lair, with Mrs. L. M. Collins, co-hostess. Members voted not to meet during the summer months.

The Margery Lair Circle met at the church, with Mrs. Arch Blakey, chairman, presiding. A program, "Faith Through Prayer," was presented by Mrs. J. R. York, Mrs. A. E. Early and Mrs. R. J. Schroder. Mrs. Schroder was in charge of the devotionals. The group voted to continue regular meetings through the summer. Mrs. Nola Smith and Mrs. John Rogers were hostesses during the serving of refreshments.

Tests Made On Rats For Cancer Research

LAKELAND — The Florida Southern College scientists told the cancer association of exposing rats to air containing more than 10,000 negative ions per cubic centimeter for several days before the rodents were inoculated with a cancerous tumor that normally would bring death in from two or three weeks.

"Cancer in rats which breathed air saturated with negative ions developed very slowly, and in some instances even disappeared," they stated. "Control rats (rodents kept in a normal atmosphere) showed normal progress in the development of their malignant growths and all the animals were killed in due time."

The scientists also studied the use of ionized air on mice affected with lung cancer. They reported that the animals kept in a normal atmosphere heavy with negative ions remained alive for several weeks without any sign of malignance.

WATER REPORT

TALLAHASSEE — The most comprehensive digest yet printed on the status of water resources development and flood control projects in Florida has been prepared by Colonel A. G. Matthews, chief engineer for the Division of Water Survey and Research, State Board of Conservation.

Matthews tendered his report (covering 1949-1950) to the state board, which submitted it to Governor Warren, who in turn submitted it to the legislature.

Pahokee Methodists Have Bible School

The Vacation Bible School which opened at the Pahokee First Methodist Church Monday had a total enrollment of 110 on Tuesday, according to Mrs. Clyde A. Canipe, director.

A special feature of the work of Primary Two and Three is the study of Japan, illustrated by motion pictures, Mrs. Canipe said.

Classes will continue until Friday, June 29, when the school will close with open house for parents and friends from 10 until 11:30 a. m. Pupils with records of perfect attendance will be presented with diplomas.

Mr. and Mrs. Frank Shaughnessy spent the past week end in Tampa with their son-in-law and daughter, Mr. and Mrs. Charles Clewis.

Methodist Pastor Goes To Eau Gallie

Rev. and Mrs. Earl J. Jones and children left Tuesday for Eau Gallie where they will make their home and Rev. Jones will serve as pastor of the Eau Gallie Methodist Church after two years of service as head of the Canal Point Methodist Church.

At the Sunday morning service of the Canal Point Methodist Church Rev. and Mrs. Jones presented as a farewell gift to the church a beautiful bronze altar cross and twin candle holders in memory of Mrs. Jones's father, the late Fred L. Royce.

PAHOKEE LIONS DEDICATE NEW PLAYGROUND

Shown above is a picture of several children at dedication ceremonies of the new Lions playground in Pahokee. Several individually owned lots have been cleared for playground purposes. The Lions sponsored the project and workmen for the City of Pahokee cleared the tall weeds from the plots of ground. County Commission Chairman Paul Rardin saw to it that a rotary mowing machine was made available to put the grass into shape for a playground. Many other citizens joined the Lions in the project.

Second from the left is Pahokee Lions President Leonard Dobrow receiving congratulations from Deputy District Governor Manning Keen (with the Frank Buck hat). Looking on from the left is Lion John Sutterfield and on the extreme right is Lion Bob Schoder. The picture was made the day the playground was dedicated. Photos by Ed Jensen

Cinematic Chatter

By Malcolm Millar

Due to requests for the return of this column we are back in print and I hope I will continue to entertain you with the Hollywood gossip I am able to pick up through my "on the lot" source. . . Henry Fonda is due to return to Hollywood this coming week after an absence from the film capital for a good many months. During those months Mr. Fonda scored a smash success on Broadway and the stages of many leading cities in the role of "Mr. Roberts". This play has met with such success that it is going to be made into a picture and Mr. Fonda will enact the same stage character before the sound cameras. Mr. Fonda had long been a movie personality and enjoys great popularity among movie fans. We haven't heard of anyone seeing flying saucers in quite some time. I have just been informed that this phenomena will be seen around the Columbia lot when the saucers will be launched from a huge machine patterned after a skeet trap and filmed in flight by cameras equipped with telescopic lenses. The saucers are being used for a sequence in a serial "Captain Video." Barbara Hale return to the screen following the birth of her baby boy, to play the part of a mother of a small boy. I hope Barbara didn't have a baby boy of her own to get atmosphere. . . Bob Hope and Marilyn Maxwell are teamed for the first time in "The Lemon Drop Kid," a comedy on a story by the late Damon Runyon. See you at the movies—Mal.

Nurses Satisfied With Their New Law

MIAMI—With the signing of the Nurse Practice Bill by Governor Warren who termed it a "worthy bill," the Florida State Nurses Association and the Licensed Practical Nurse Association of Florida brought to a successful close their fight in the 1951 legislature for a better law regulating the practice of professional and practical nursing.

Effective immediately the law requires all professional and practical nurses in this to be licensed. Practical nurses have until July 1, 1952 to qualify for licensure without examination, but should apply immediately.

Under the law, schools for the training of practical nurses will be required in order to operate to be accredited by the Board of Nurse Registration and Nursing Education, formerly known as the Board of Examiners for Nurses.

Florida should consider itself fortunate in being able to overcome the highpowered opposition and adverse publicity given this bill by an out-of-state correspondence school of nursing. Other states with similar good legislation have credited their defeat to opposition from this source. With this new law the people of Florida will be assured of qualified, competent nursing care, when illness strikes.

Miss Undine Sams, president of the Florida State Nurses Association, Miami, Mrs. Mary Livingston, 1st vice-president and legislative chairman, West Palm Beach, and Miss Helen Shearston, executive secretary of the Association, were in Tallahassee during the legislative session and were on hand for the signing of the bill.

All registered nurses from other states not licensed in Florida and all persons working as practical nurses, trained nurses or graduate nurses should immediately file with the Board of Examiners for a license to practice nursing in this state.

For further information and application blanks for licensing, write to Mrs. Delcie C. Inglis, 230 West Forsyth Street, Jacksonville.

Mrs. C. H. Jones and son, Alton, have returned to their home in Canal Point after two weeks spent with relatives in Griffin, Ga.

Anderson Chastain left yesterday to spend several days on the keys near Marathon on a fishing trip.

MAY JOIN MARINES

JACKSONVILLE — Floridians who have received their preinduction notice may still enlist in the United States Marines during the period from June 15 to July 15, according to Major J. J. Reardon, State Recruiting Officer.

"Heretofore," said the Major "registrants who had received orders for their preinduction examination were frozen as far as the Marine Corps was concerned."

Reardon said this stipulation has been suspended for this thirty day period only, and that after July 15 registrants would not be able to enlist in the Marines if they have already received such notice.

METHODIST CHURCH

Dr. Daniels, district superintendent, will fill the Canal Point Methodist church pulpit Sunday morning and Rev. Oliver Hatfield will preach at the evening service.

Coast Line Starts 12 Truck Routes

TALLAHASSEE—Twelve truck routes have been started by the Atlantic Coast Line Railroad to handle interstate less-than-carload freight in Florida.

Officials stated that permission has also been asked of the Florida Railroad and Public Utilities Commission for permission to transport intrastate shipments also.

The trucks will operate between the same stations now being served by the railroad and in some instances should cut transit time as much as 48 hours, officials said.
